MEMORANDUM FOR: Security Officer, DPD-DD/P

SUBJECT : Request for CHALICE Clearance:

1910A

1. It is requested that a CHALICE clearance be granted [redacted], Commanding Officer, 322nd Air Division, [redacted]. The 322nd supplies all the support aircraft used in Detachment B operations and has handled the job excellently. However, it presents an unusual situation when not even the Commanding Officer is made aware of the destination of his aircraft and the result has been several security flaps. These flaps were in the field of communications in that field elements of 322nd, as well as the Headquarters unit, telegraphed destination and personnel information in unclassified channels. It is believed that if [redacted] knew the importance of withholding this information from his crews (until needed) these flaps would cease.

2. This request was originated by [redacted] on his recent visit. [redacted] will brief as necessary.
